

THE ROSE FOUNDATION

Happy New Year!

2018 began with the excitement of Katie running the Disney Marathon with two friends, Varsha and Marie! We are so proud of Katie's strength and determination to FIGHT CF and never stop following her dreams.

Katie says: "2nd marathon, 52.4 miles proving cystic fibrosis will never hold me back. This marathon was hard. I hit the wall early on and was not adequately prepared. My training was lacking due to a busy fall starting grad school and dealing with some curve balls CF threw at me in the last few months. Just two months ago, my lung function dropped to the lowest it has ever been due to trying a new medication. But I fought back up to my baseline and collected my second marathon medal. I did this for myself and for everyone else fighting CF on a daily basis..."
