

Wishing all of our amazing Dads a HAPPY FATHER'S DAY - a day filled with sun, relaxation, barbecue and love! Thank you for always being there for us!

TOGETHER: CELEBRATING 65 YEARS

LOOKING BACK AT 65 YEARS AND LOOKING TOWARDS THE CURE!

Please join with us in celebrating the past 65 years of research and development of programs and treatments for those with CF which have pointed us towards the Path to a Cure that we are on now! YOU have helped to get us to this point!

Here are some of the milestones and amazing advances:

1955: The Cystic Fibrosis Foundation is formed by a group of concerned parents determined to save the lives of their children.

1961: The Foundation establishes an accredited care center network by creating two centers devoted to treating CF.

1965: Richard Weiss coins the term "65 Roses."

1978: The number of Foundation-accredited care centers totals more than 100.

1989: In a historical breakthrough, CFF-supported scientists discover the defective cystic fibrosis CFTR gene and its protein product years before the human genome is mapped. This discovery opens the door to understanding the disease at its most basic level.

1993: The FDA approves Pulmozyme[®], which is proven to thin the tenacious, sticky mucus in the lungs and is the first drug developed specifically for CF. The time taken to develop Pulmozyme is less than half of the industry average.

1997: The Foundation establishes the Therapeutics Development Program. The FDA approves TOBI[®], the first aerosolized antibiotic designed for CF, which is proven to reduce hospital stays and improve lung function.

2006: The CF Congressional Caucus is launched and remains one of the largest congressional caucuses of its kind.

2012: The FDA approves ivacaftor (Kalydeco) for a small group of people with CF ages 6 and older. The drug is the first to address the underlying cause of CF and opens exciting new doors to research and development that may lead to a cure for all people living with the disease.

2015: The FDA approves the lumacaftor/ivacaftor (Orkambi[®]) combination drug

2018: The FDA approves tezacaftor/ivacaftor (Symdeko[®]) combination therapy

2019: The FDA approves the triple-combination modulator elxacaftor/tezacaftor/ivacaftor (Trikafta) for people with CF ages 12 and older who have at least one copy of the F508del mutation, regardless of their other mutation. This historic breakthrough means that for the first time the majority of the CF population could eventually have a highly effective therapy for the underlying cause of their disease.

2020: The Foundation maintains a robust pipeline of potential therapies that target the disease from every angle. The more drugs in the pipeline, the greater the odds of producing successful therapies and a cure for all people with CF.

We are here because of every one of YOU! Thank You for all you do and continue to do!

YOU ARE STRONG and WE ARE STRONGER TOGETHER!

Stay safe, stay healthy, stay connected & stay positive!

**OUR SECOND
RUN FOR ROSES ONLINE AUCTION
Noon -THURSDAY, July 9 til 9 pm -SATURDAY, July 11!
MARK YOUR CALENDARS!**

Bigger prizes: Two night stay at The Dutton Inn and up to 5 tickets to The Dutton Show, \$400 gift card Southwest Airlines, Outdoor Firepit, Cardinals/Blues Stanley Cup Corn Hole Game, Sports items, Wine Tastings, Distillery Tastings, Craft Beer Baskets, Spa Baskets, Dinners, Entertainment, Memberships and much much more!

Again we want to express our heartfelt understanding that not everyone will be in a position to participate this year. However, we have items of varying values. We will have a 50/50 Balloon Raffle Online. If you have a few dollars to help those living with CF, we humbly ask you to buy a raffle chance, bid on auction items or make a donation through our virtual online auction events! You will be adding more tomorrows for so many with CF!

Please check out our amazing sponsors and donors and support their businesses! All of our sponsors and donors are listed below! We could not do this without them and all of you!

We are celebrating 65 Years of remarkable progress. Now 90% of those with CF are on Trikafta. We will not stop until there are medications for 100% of those with CF and a Cure Found.

***MARK YOUR CALENDARS for JULY 11 !!
PLEASE JOIN our CELEBRATION!***

Please SPREAD AWARENESS for CF! Share our newsletter, like our Facebook page: [Run for Roses](#).

TOGETHER we will forge the PATH to a CURE!

50/50 BALLOON RAFFLE

Call Linda, 314-952-7944, to Choose your balloon number and pay \$25 via [Linda Caul's CFF Great Strides page](#) - Please click donate and display your name -- OR by sending a Venmo payment to TheRoseFoundation-CF

REPORT on May 16 ONLINE AUCTION!

We raised over \$2,000 from the 20 items auctioned! Thank you to all who participated. Mark your calendars for our **Second Run for Roses Online Auction - July 11!**

Congratulations to Lisa Vasel, winner of our 50/50 Raffle! Due to The Fox being unable to reschedule Hamilton, our raffle was a 50/50. Once again, thank you to all who participated in this raffle and helped to raise funds for a CURE!

Especially during this time with COVID-19, THANK YOU for supporting The Rose Foundation and cystic fibrosis! So many are without jobs and continuing to struggle financially and emotionally. You are all in our thoughts and prayers.

The CFF and The Rose Foundation and so many other foundations that raise funds for CF research, medications, treatments and services are having to cancel their events. We deeply appreciate those of you who are able to continue donating and reaching deep in their pockets to support our fight for a CURE.

**We will keep connecting!
We will continue passing information to you.
And we will hold you all in our hearts!**

Please continue to spread awareness and recruit others to FIGHT with us on our Path to a CURE !

As always, donations can be made online at [The Rose Foundation](#).

Sláinte,

The Caul Family

Always Running 'til CF stands for Cure Found!

Important Note on Attendance at Events

To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs

can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times.
