

THANK YOU VOLUNTEERS AND SUPPORTERS!

We want to take this time to THANK all of you !

Each and every one of you MADE a DIFFERENCE in the lives of those living with CF. Every dollar you gave, every time you shared a story and every time you spread awareness to someone about the journey that those living with CF travel, YOU have made a difference in a life! Thank You!

Take a look at the journey the Cystic Fibrosis Foundation and the CF community have taken as highlighted by [The Washington Post](#) last week! See the remarkable progress CF has made from the gene discovery through the approval of Trikafta™. We look to the future and won't stop until its DONE!

At ResearchCon 2020 [Michael Boyle, MD](#), President and CEO-Cystic Fibrosis Foundation answered some of [the community's top questions on COVID-19](#).

YOU ARE STRONG and WE ARE STRONGER TOGETHER!

Stay safe, stay healthy, stay connected & stay positive!

**SAVE TWO DATES
RUN FOR ROSES SILENT AUCTION
FRIDAY-SATURDAY, MAY 15-16
SATURDAY, JULY 11**

All of us at The Rose Foundation wish each one of you and your families good health especially during this time. We understand everyone is experiencing some level of financial difficulty, emotional sadness with the loss of family and friend gatherings and learning new ways to shop, educate our children and do our jobs from home. With all of this going on we appreciate many may not be able to participate in our raffles, auctions and fundraising efforts for cystic fibrosis. However, we humbly ask those of you who are able to spare a few dollars, buy a raffle chance, bid on auction items or make a donation, to join us for our virtual online auction events! You will be adding more tomorrows for so many with CF!

Our first and foremost concern is for the health and safety of everyone, especially those with CF. Therefore, with sadness, we have decided it is not in everyone's best interest to meet in person for our annual trivia night / silent auction; however, to meet online virtually for an amazing auction to support CF.

A special edition newsletter will go out next week with auction details! Please **SAVE the DATES**, May 15-16, and watch for this email: Auction begins NOON Friday, May 15 and ends at 10 pm on Saturday, May 16.

Please continue supporting our amazing sponsors and donors during this time by ordering 'take out' from the restaurants, ordering online from stores and using the services of our businesses! All of our sponsors and donors are listed below! We could not do this without them and all of you!

We will celebrate the over 90% of those with CF who are now on Trikafta, the new drug which became available in October, 2019. We will not stop until there are medications for all and a Cure Found.

May 15-16 and JULY 11 may not be typical trivia / silent auction nights, but it will be an EVENT and a CELEBRATION!

Please **SPREAD AWARENESS** for CF! Share our newsletter, like our Facebook page: [Run for Roses](#).

TOGETHER we will forge the PATH to a CURE!

THANK YOU for supporting The Rose Foundation and cystic fibrosis!

Let's keep connecting! We are creative human beings exploring and finding new and exciting avenues to connect with each other. Anything is possible when we all try together. We have been given an amazing opportunity in COVID-19. In the words of Sonya Renee Taylor:

"We will not go back to normal. Normal never was. Our pre-corona existence was not normal other than we normalized greed, inequity, exhaustion... . We should not long to return, my friends. We are being given the opportunity to stitch a new garment. One that fits all of humanity and nature."

We are on our Path to a CURE and a path to a better world!

Please continue to spread awareness and recruit others to FIGHT with us for a CURE!

As always, donations can be made online at [The Rose Foundation](#).

Important Note on Attendance at Events

To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection. Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times.
