

### MID-SUMMER DREAMS

Since 2011 when The Rose Foundation was founded, we have pushed towards **ONE DREAM**. The Cystic Fibrosis Foundation recently "[invested \\$6 million in Carbon Biosciences](#) to support their preclinical research into an innovative gene therapy approach for cystic fibrosis that has the potential to provide a treatment for all people living with CF, regardless of mutation. Carbon Biosciences is the first company to launch from the Foundation's collaboration with Longwood Fund, part of the Foundation's Path to a Cure initiative."

We are so excited to be a part of these endeavors! Every dollar you donate to The Rose Foundation goes directly to the CFF for new services, treatments, medications and ultimately a Cure for CF!!

Please keep following us and sharing our information with your family and friends. We absolutely need all of YOU to make the next steps in creating a world without CF!

As always, the Caul Family and The Rose Foundation Board are so

Sláinte,  
Linda & all the Cauls

Running 'til CF stands for Cure Found!

## RESEARCHCON 2022

### [The Real, The Raw, The Mental Health Continuum](#)

Check out Katie Kirby moderating this important session from this year's CFF ResearchCon discussing mental health and wellness, and recent research and evidence-based therapies in this area with a psychiatrist, and researcher, social worker, adult living with CF and a parent of someone with CF !

---
