

WISHING ALL A BLESSED & HAPPY THANKSGIVING!

GRATEFUL FOR YOU!!

As we begin our holiday season of *THANKS*, all of us at The Rose Foundation thank all of you for your participation, support, donations and help to push us towards a Cure for CF! Jeff and I, along with every other parent wish and dream for the same thing, our children to grow up and live a healthy and happy life. This is why we can't stop. We are so blessed to have all of you walking alongside us to make this happen for Katie and all those living with CF. As you look into your own child's eyes, know we are there for you as well. Dream and work with us as we continue following a belief that *Impossible things are happening every day!*

Results from the six-week Simplify study are showing the possibility to eliminate the use of one or two common CF drugs in some patients who demonstrate good lung functioning. "The CFF Path to a Cure supports preclinical research into an innovative gene therapy approach that could temporarily "fix" CF in the lungs. Carbon Biosciences aims to deliver a functional cystic fibrosis

enable the expression of a functional CFTR protein in essentially all individuals with CF, regardless of their mutation. To learn more about genetic therapies and upcoming clinical trials, watch the recording of the closing keynote from ResearchCon 2022, "[Something for Everyone: A look at possibilities and challenges of genetic therapies on the horizon.](#)"

We deeply appreciate you spreading awareness and bringing your friends and family to our events. We thank those of you who fill out the paperwork to double your donations through MATCHING GIFTS program at you business. Every dollar raised and every new person joining our team pushes us to the FINISH LINE!
We won't stop 'til it's DONE!

*******MARK YOUR CALENDARS** for Saturday, April 22, 2023 to attend our Run for Roses Trivia Night & Silent Auction!

Please keep following us on [Facebook](#) and sharing our information and our newsletters with your family and friends. We absolutely need all of YOU to get us to the CURE for CF!!

As always, the Caul Family and The Rose Foundation Board are so appreciative for all you do to help us spread awareness and raise funds for a cure!

Sláinte,

Linda & all the Cauls

Running 'til CF stands for Cure Found!

RUN FOR ROSES TRIVIA NIGHT & SILENT AUCTION

SATURDAY, APRIL 22, 2023
More Details To Follow

ADVOCACY FOR CF

Beginning in January, following the 2022 Midterm elections, our advocacy journey with the cystic fibrosis community continues.

The CF community is small but powerful. Volunteer advocates drive our legislative and regulatory agenda forward at every level of government. It only takes seconds to respond to a call for action!

PLEASE join NOW. Text "FIGHTCF" to 96387 to join a list of volunteer advocates.

Next, discover new ways to advocate and learn about the issues we care about on cff.org.

Thank you for taking the first step. We need you!

Help Fight Superbugs by Passing the PASTEUR Act Now

"The CF Foundation is advocating for the PASTEUR Act, a bipartisan piece of legislation that would help to build a sustainable pipeline for antibiotic development. [Now is the time to pressure Congress to act](#). Urge your member(s) of Congress to pass the PASTEUR Act without delay."

Tell Your Members of Congress: Act Now on PASTEUR

"The Pioneering Antimicrobial Subscriptions to End Upsurging Resistance (PASTEUR) Act is picking up momentum in Congress. Since its introduction last summer, this bipartisan, bicameral bill has gained dozens of Congressional cosponsors and ignited conversations about the importance of addressing antimicrobial resistance.

It's time for Congress to turn interest into action.

Call on your members of Congress today to urge them to pass the PASTEUR Act to jump-start the development of desperately needed new antibiotics for people with cystic fibrosis and all Americans affected by antimicrobial resistance."
