### Help Fight Superbugs by Passing the PASTEUR Act Now

"The CF Foundation is advocating for the PASTEUR Act, a bipartisan piece of legislation that would help to build a sustainable pipeline for antibiotic development. [Now is the time to pressure Congress to act.](#) Urge your member(s) of Congress to pass the PASTEUR Act without delay."

**Tell Your Members of Congress: Act Now on PASTEUR**

*"The Pioneering Antimicrobial Subscriptions to End Upsurging Resistance (PASTEUR) Act is picking up momentum in Congress. Since its introduction last summer, this bipartisan, bicameral bill has gained dozens of Congressional cosponsors and ignited conversations about the importance of addressing antimicrobial resistance.*

It's time for Congress to turn interest into action.

Call on your members of Congress today to urge them to pass the PASTEUR Act to jump-start the development of desperately needed new antibiotics for people with cystic fibrosis and all Americans affected by antimicrobial resistance."
